

PUBLICATIONS FROM THE ATPS WESP

Special Paper Series

1. Urama K. C., W. Kenyon, R. Burton, and J.M. Potts (under review). *The role of integrated approaches in understanding environmental preferences: empirical evidence from Scotland*.
2. Urama K. C., Kenyon, W., Burton, R. and Potts, J. (2006). *Integrated value mapping for sustainable river basin management: economics, ethics and social psychology*, African Technology Policy Studies (ATPS) Special Paper Series, **22**: 1-38.
3. Huibers, Frans, Lucas Seghezzo and Adriaan Mels *Wastewater and Irrigated Agriculture Lessons Learned and Possible Applications in Africa*. African Technology Policy Studies (ATPS) Special Paper Series **23***
<http://www.atpsnet.org/pubs/specialpaper/SPS%2023.pdf>
4. Abraham, Kinfe, *Imbalance in Water Allocation Stability and Collaboration within the Nile Basin*. African Technology Policy Studies (ATPS) Special Paper Series **24***
<http://www.atpsnet.org/pubs/specialpaper/SPS%2024.pdf>
5. Oriare, Peter. (2008) *Barriers between Scientists and Journalists: Myth or reality?* African Technology Policy Studies (ATPS) Special Paper Series **35***
<http://www.atpsnet.org/pubs/specialpaper/SPS%2035.pdf?pno=870>
6. Owuor O. (2008) *The Challenges of Communicating Science: A journalist's perspective*. African Technology Policy Studies (ATPS) Special Paper Series **37***
<http://www.atpsnet.org/pubs/specialpaper/SPS%2037.pdf?pno=870>

Research Papers

1. Gbadegesin, A.S. (2007). *Assessment of Rural Water Supply Management in Selected Rural Areas of Oyo State, Nigeria*. Working paper series 49*
<http://www.atpsnet.org/pubs/workingpaper/Working%20Paper%20Series%2049.pdf>
2. Entsua-Mensah, Rose M., Engmann, Charlotte... et al. (2007). *Policy Gaps Analysis: The Case of Community Water and Sanitation in Ghana*. Working paper series 45*
<http://www.atpsnet.org/pubs/workingpaper/Working%20Paper%20Series%2045.pdf>
3. Pullanikkatil, Deepa. (2007). *Reducing Pollution in Lesotho*. Working paper series 48*
<http://www.atpsnet.org/pubs/workingpaper/Working%20Paper%20Series%2048.pdf>
4. Mloza-Banda, H. R. (2007). *Small Scale Rainwater Harvesting for Combating Water Deprivation in a Peri-Urban Area of Lilongwe, Malawi*. Working paper series 46*
<http://www.atpsnet.org/pubs/workingpaper/Working%20Paper%20Series%2046.pdf>
5. Moturi, M.C. and F.L. Polong. (2007). *Distribution and Bioavailability Assessment of Heavy Metals in Sediments from Lake Naivasha, Kenya*. *Under review*
6. Kakooza, James and Dave Khayangayanga... et al. (2007). *Ability and Willingness to Adopt Ecological Sanitation as a Water and Environment Conservation Technology: The Case for Peri-Urban Communities of Kampala, Uganda*. Working paper series 47*
<http://www.atpsnet.org/pubs/workingpaper/Working%20Paper%20Series%2047.pdf>
7. Kouakou, Jacques. (2008) *Developpement d'une Zone Humide Simulee Plantee avec Amaranthacea et Capri: Aridacea Pour le Traitement des Eaux Usees Domestiques*. African Technology Policy Studies (ATPS) Working Paper Series 50*
<http://www.atpsnet.org/pubs/workingpaper/Working%20Paper%20Series%2050.pdf>

Technopolicy Briefs

1. Powell, R., (2008) *How to Write a Good Story about Science Issues*. ATPS Technopolicy Brief Series No. 20*
<http://www.atpsnet.org/pubs/brief/Technopolicy%20Brief%2020.pdf?pno=870>

2. Coulibaly, L., (2008) *Epuration des Eaux Domestiques Usées par des Plantes Alimentaires: Amaranthus hybridus et Corchorus oleratus* ATPS Technopolicy Brief Series No. 21*
<http://www.atpsnet.org/pubs/brief/Technopolicy%20Brief%2021.pdf?pno=870>
3. Mongbo, R., (2008) *Politique d'Etat et Pratiques Populaires dans l'Approvisionnement en Eau au Bénin : Quelles Leçons, Quelles Perspectives ?* ATPS Technopolicy Brief Series No. 22*
<http://www.atpsnet.org/pubs/brief/Technopolicy%20Brief%2022.pdf?pno=870>
4. Urama, K., Davidson, G., (2008) *Bordering on a water crisis: The need for integrated resource management in the Mara River Basin* ATPS Technopolicy Brief Series No. 23*
<http://www.atpsnet.org/pubs/brief/Technopolicy%20Brief%2023.pdf?pno=870>
5. Gbadegesin, Niyi and Felix Olorunfemi. Sustainable rural water supply and management in Oyo State, Nigeria. (*in the pipeline*)
6. Amu-Mensah, Frederick K., E.K. Tetteh and J.D. Chonia. Policy gaps hindering full implementation of community water and sanitation programs in Ghana. (*in the pipeline*)
7. Pullanikkatil, Deepa, Spirit Tlali and Lefa Thamae. Policy implications for industrial water pollution in Lesotho. (*in the pipeline*)
8. Mloza-Banda, H. R., A. Chikuni and D.D. Singa. Small scale rainwater harvesting for combating water deprivation at orphan care centres in peri-urban areas of Lilongwe, Malawi. (*in the pipeline*)
9. Moturi, M.C. and F.L. Polong. Distribution and Bioavailability Assessment of Heavy Metals in Sediments from Lake Naivasha, Kenya. (*in the pipeline*)
10. Kakooza, James and Dave Khayangayanga. Econ as an appropriate water and environment technology option for slum communities of Kampala, Uganda. (*in the pipeline*)
11. Mutua, F. *et al* W&E Policy Briefs for Kenya, Uganda, Tanzania and Ethiopia (*in the pipeline*)
